Investment Adviser

Austin Atlantic Asset Management Co. ("AAAMCo") is a privately held investment management firm. AAAMCo is an investment adviser to funds in Asset Management Fund (AMF), institutional mutual funds designed for investment by depository institutions (banks, thrifts, and credit unions). AAAMCo's funds also serves as an investment vehicle to corporations, insurance companies, municipalities, pension plans, foundations, endowments, and individuals. As of September 30, 2016, total firm wide mutual fund assets under management were \$165,852,894.

Fund Highlights

The AMF Ultra Short Mortgage Fund is a no-load fund.

The Fund has a 20% risk weight for depositories capital calculations.

Because the Fund primarily holds floating rate and adjustable rate assets, the dividend yield of the Fund is directly related to changes in short term interest rates.

Fund Objective

The AMF Ultra Short Mortgage Fund seeks to achieve as high a level of current income as is consistent with the preservation of capital and maintenance of liquidity.

Fund Strategy

In pursuit of this objective, the Fund only purchases government and government agency securities.

Under normal market conditions, the Fund will invest primarily in mortgage-related investments.

Under normal market and interest rate conditions, the Fund seeks to maintain a duration similar to that of a 1-Year U.S. Treasury Note, but not to exceed that of a 2-Year U.S. Treasury Note.

The performance data quoted represents past performance; past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. The Fund's current performance may be lower or higher than the performance data quoted.

*During the quarter ended September 30, 2013, the AMF Ultra Short Mortgage Fund received monies related to certain nonrecurring litigation settlements. If these monies were not received the 3 year, 5 year, 10 year and since inception total returns as of September 30, 2016 would have been lower. See additional important disclosure on page 2.

*During the quarter ended September 30, 2013, the Ultra Short Mortgage Fund received monies related to certain nonrecurring litigation settlements. If these monies were not received the 3 month total return would have been 0.12%.

As of 9/30/2016, SEC Standardized Returns for the AMF Ultra Short Mortgage Fund for 1 year, 5 years, 10 years and since inception were -0.51%, 0.92%, -0.23%, and 2.65%, respectively. For the fiscal year ended October 31, 2015, the following fees were voluntarily waived for the Ultra Short Mortgage Fund: 0.16% by the Advisor and 0.10% by the Distributor. These voluntary waivers and insurance reimbursements lowered the "Total Fund Operating Expenses" to 0.95% for the Ultra Short Mortgage Fund. The Advisor and Distributor expect to continue these waivers throughout the year but are not obligated to do so. If these fee waivers and insurance reimbursements were not recorded, the performance would have been lower. The Gross Fund Expense ratio for the Ultra Short Mortgage Fund was 1.21%. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Mutual Funds that invest in securities issued by the U.S. Government or its Agencies are not insured by the U.S. Government, the FDIC or any other government agency. The fund is generally subject to credit, extension, hedging, government agency, interest rate, issuer, liquidity, management, market and prepayment risks. Read the prospectus carefully before you invest or forward funds. Investors should consider the Fund's investment objectives, risks, charges and expenses carefully before investing. The prospectus contains this and other investment information about the Fund.
