\$36,610,826

Investment Adviser

Chicago-based Shay Assets Management, Inc. (Shay) is a privately held investment management firm. Shay is the investment adviser to the Asset Management Fund (AMF), one of the nation's leading families of institutional mutual funds designed for investment by depository institutions (banks, thrifts, and credit unions). The AMF Fund Family also serves as an investment vehicle to corporations, insurance companies, municipalities, pension plans, foundations, endowments, and individuals. As of March 31, 2010 total firm wide mutual fund assets under management were in excess of \$1 billion.

Fund Highlights

The AMF Intermediate Mortgage Fund is a no-load fund.

Under normal interest rate and market conditions, the Fund seeks to maintain a minimum duration of a 2-year U.S. Treasury Note, and a maximum duration equal to that of a 4-Year U.S. Treasury Note.

Fund Objective

The AMF Intermediate Mortgage Fund seeks to achieve as high a level of current income as is consistent with the preservation of capital, the maintenance of liquidity and the differing average maturity of investments held by the Fund.

Fund Strategy

In pursuit of this objective, the Fund will limit its investments and investment techniques so as to qualify for investment by national banks, federal savings associations, and federal credit unions.

The Fund invests, under normal market conditions, primarily in mortgage-related investments paying Fixed or adjustable rates of interest.

¹Expense ratio data as of Annual Report, dated October 2009.

THIS MATERIAL IS NOT AUTHORIZED FOR DISTRIBUTION UNLESS PRECEDED OR ACCOMPANIED BY A CURRENT PROSPECTUS. The fund is subject generally to credit, extension, government agency, interest rate, issuer, liquidity, management, market and prepayment risks. Read the prospectus carefully before you invest or forward funds. The Fund may not be available to investors in all states, and this does not constitute an offer in those states. Investors should consider the Fund's investment objectives, risks, charges and expenses carefully before investing. The performance data represents past performance and does not guarantee future results. Current performance may be higher or lower than the performance data quoted. The most recent month-end data can be found at www.amffunds.com or by calling (800)527-3713. For the fiscal year ended October 31, 2009, the Advisor voluntarily waived 0.10% of its advisor fee so that "Total Fund Operating Expenses" for the Intermediate Mortgage Fund were 0.70%. The Advisor and Distributor expect to continue these waivers throughout the year but are not obligated to do so. For the term of the advisory agreement which is subject to annual renewal on March 1 of each year, the Advisor has contractually agreed to reduce its advisory fee with respect to the Fund to the extent that the daily ratio of operating expenses to average daily net assets of the Fund exceeds 0.75%. If this fee waiver were rescinded, performance would be reduced. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Mutual Funds that invest in securities issued by the U.S. Government or its Agencies are not insured by the U.S. Government, the FDIC or any other government agency. The Distribution Yield is also known as the average monthly yield and is found by calculating the mean value of all daily dividend yields for each given month. It represents the sum of the daily dividend yields for each day of a month divided by the number of days in that month. To receive a prospectus, please contact the Fund's Distributor, Shay Financial Services, Inc., member FINRA and SIPC, at (800)982-1846 or www.amffunds.com.
