Investment Adviser

Chicago-based Shay Assets Management, Inc. (Shay) is a privately held investment management firm. Shay is the investment adviser to the Asset Management Fund (AMF), one of the nation's leading families of institutional mutual funds designed for investment by depository institutions (banks, thrifts, and credit unions). The AMF Fund Family also serves as an investment vehicle to corporations, insurance companies, municipalities, pension plans, foundations, endowments, and individuals. As of June 30, 2009 total firm wide mutual fund assets under management were in excess of \$1 billion.

Fund Highlights

The AMF U.S. Government Mortgage Fund is a no-load fund.

Under normal market and interest rate conditions, the Fund seeks to maintain a minimum duration of a 2-year U.S. Treasury Note, and a maximum duration equal to that of a 6-Year U.S. Treasury Note.

Fund Objective

The AMF U.S. Government Mortgage Fund seeks to achieve as high a level of current income as is consistent with the preservation of capital, the maintenance of liquidity and the differing average maturity of investments held by the Fund.

Fund Strategy

In pursuit of this objective, the Fund will limit its investments and investment techniques so as to qualify for investment by national banks, federal savings associations, and federal credit unions.

Under normal market conditions, the Fund invests primarily in mortgage-related securities paying fixed or adjustable rates of interest issued or guaranteed by the U.S. Government, its agencies or instrumentalities.
